

Il Tutto, gorgeous practical bags for mums, is an exciting new brand for the style conscious mother – a woman who wants the practicality of a baby bag hidden in the façade of a cool, luxe, must-have handbag. Il Tutto bags hang neatly on a stroller or can be worn over the shoulder and feature linings that can be removed for washing or when you want to use them as a regular handbag. This means the life of your bag extends beyond your child's infancy so you can use your Il Tutto bag for its obvious purpose – a gorgeous handbag you want to keep using.
