Baby Love

Indigo Packer is sure to have a silver spoon, so what do you buy a budding mogul?

Buying a present for billionaire babies can be such a chore. Do you buy a Jan Logan baby bracelet or go online for some of Princess Marie-Chantal of Greece's baby wear? Friends of Erica and James Packer who are celebrating the birth of their daughter **Ingido**, can turn to **Lucie Trinco's** baby bag range **Il Tutto**.

Sarah Murdoch has the Chiara bag and **Cate Blanchett** has been toting the Mia bag for her bundles of joy. Trinco worked at Orotton and Marks & Spencer before starting her own label when she realised that sometimes it takes more than a Birkin bag to store nappies and Tiffany & Co. rattle. (July 25, 2008)
